# University of St Andrews Donor Roll

1 August 2019 to 31 July 2020

We would like to thank all benefactors to the University of St Andrews for their generous support in 2019-2020. The following pages list all gifts and sponsorship through the Development Office during the University's financial year ending on 31 July 2020. In addition to the donors listed we are also grateful to the many who give to the University of St Andrews anonymously. Donors to the University of St Andrews American Foundation, Inc. are listed on pages 24 – 32. Donors to the University of St Andrews German Association are listed on page 34. Donors to the University of St Andrews Hong Kong Foundation Limited are listed on page 35. Legacies and members of the Chancellor's Circle are listed on pages 36-39. Leadership giving is based on gifts and pledges from August 2018.

Every effort has been made to record gifts in accordance with our donors' wishes. If we have made any mistakes please accept our apologies and let us know so that they can be corrected.

Please see the centre pages for an update on some of the key projects that are being made possible through the generous support of our alumni and friends.

The final two pages contain facts and figures from the financial year 2019-2020.

## Donor Update

Our donors and friends support a wide range of projects that make a real difference to both undergraduate and postgraduate students, and to the wider St Andrews community. Here is a brief update on just a few.

This year has been like no other in living memory. It's been a year where the University has had to make difficult decisions and take steps that would have been unthinkable before – including launching the Covid-19 Appeal to support our students, the University and the community.

Your response to this appeal was incredibly generous: contributions from around the world amounted to over £1 million and helped us to respond quickly to these short-term needs.

Your support also enabled us to adapt our long-term plans for the 2020-2021 academic year so that we could continue to offer high quality learning, teaching and research, and we were delighted that this was reflected in the University league tables: the *Guardian University Guide 2021* ranked St Andrews second in the UK to Oxford by virtue of its high scores for student satisfaction and experience, graduate employment and the quality of its academic programmes. The University was also ranked top in Scotland and third in the

UK by *The Times and Sunday Times Good University Guide 2021* and top in the UK for Student Academic Experience by the National Student Survey 2020.

Despite the seismic events going on in the world, the University kept life as stable and meaningful as possible for the students who remained here by developing the Can Do initiative in collaboration with the Students' Association. This included a fully facilitated programme of socially-distanced events, a safe marquee in Lower College Lawn to hold them in, a Can Do helpdesk and a Can Do guide designed to ensure that events were held within the current guidelines.

There are now, thankfully, tantalising glimpses of life without restrictions and we know that we couldn't have arrived at this point or overcome the challenges we have faced without having you on the journey with us.

Quite simply – thank you.

Despite all the challenges we have faced this year, we have continued to pursue our vision for a World-leading, Diverse, Global and Entrepreneurial St Andrews. The University is in the quiet phase of a new comprehensive fundraising campaign to raise in the region of £250-£300 million. The centrepiece of the campaign is the redevelopment of Madras College, South Street, as a new college for St Andrews.

### A 'New College' for the University of St Andrews

Madras College is a distinctive landmark in the centre of St Andrews. It is here that the University will create its first new college in St Andrews for three centuries.

Our vision is to bring together three of our most successful academic schools – Management, International Relations and Economics & Finance – to create a new hub for Social Sciences that will enhance cross-disciplinary research and support an increase in the proportion of our students studying at postgraduate level.

### Entrepreneurial St Andrews

Entrepreneurial St Andrews – a key component of the University Strategy – is being driven by the St Andrews Applied Research Limited (StAAR) team. They are overseeing and supporting entrepreneurial, commercial, technology transfer and spin-out activity at the Entrepreneurship Centre in the Eden Campus.

We have also developed a training programme for students that covers the whole journey from ideation to pitching for funding. This will be delivered (both in person and remotely) from the Centre from the 2021-2022 academic session.

Entrepreneurial St Andrews is harnessing all this energy and ingenuity to develop and commercialise the ideas that will make a difference to society.

### Scholarships

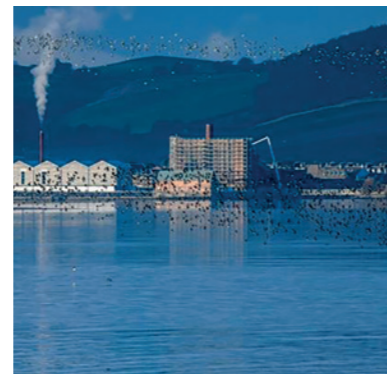

Exceptional students are the lifeblood of any university. Enabling the brightest and best students to attend the University of St Andrews is driven by our strategic aims to be both diverse and internationally excellent. The University is committed to ensuring that students of all backgrounds are afforded the opportunity to become a part of our unique community of learning and knowledge creation.

Low income families have been disproportionately affected this year by the pandemic, and there has consequently been a huge increase in scholarship applications. Undergraduate support from Wardlaw, Sanctuary and International Scholarships as well as from Gateway Programmes and bursaries have therefore been more important than ever. We set up the Handsel Scheme – a matched fund with donors supporting a scholar's stipend and the University supporting the scholar's fee – to attract the best postgraduate students, regardless of home or overseas fee status.

Through this support, we aim to admit students with outstanding academic potential whatever their race, religion or background.

### Covid-19 Appeal

It quickly became evident after lockdown was announced on 23 March 2020 that the pandemic was impacting both students and the University community in ways that we couldn't possibly have foreseen.

Many undergraduate and postgraduate students were unable to go home because their families were self-isolating or at risk. Some didn't have access to the technology necessary to study online at home, while others had lost income from part-time work but were still liable to pay private rent.

Other aspects of the University were also impacted by Covid-19 – including its day to day operations, research and training and the local community.

We therefore launched the St Andrews Covid-19 Appeal in April 2020 to highlight our Student Support Fund (designed to respond to the urgent financial needs of both undergraduate and postgraduate students) and the Principal's Strategic Response Fund (designed to support our University Community Fund and to reach the University's areas of greatest need).

By the end of the financial year in July 2020 you had helped us to raise a staggering £1.1 million. This enabled us – amongst other things – to set up a Digital Inclusion Fund to help students study remotely and to provide extended stipends for postgraduate researchers and much-needed childcare for almost 119 children of staff and students via the Junior Saints Summer Sports Camp.

### University Community Fund Appeal

In our local community, voluntary bodies of all shapes and sizes immediately responded to residents who were impacted by the pandemic. The University believed that their contribution was not only crucial during the crisis but would also be key to the town's recovery. As a result, we fast tracked the launch of the University Community Fund with a core donation of £30,000 to encourage applications for between £250 and £3,000. Organisations and groups across Fife whose activities impacted St Andrews and its neighbouring communities, or who aimed to increase engagement with the University were encouraged to apply.

Some of the first causes to benefit were Saje Scotland Ltd – a Fife-wide charity – which received £2,000 towards provision of online programmes and support for women and girls experiencing domestic abuse. Awards were also made to the St Andrews Community Protective Visor 3D Printing Initiative to help them to create and distribute PPE visors to local care homes, NHS facilities and businesses. In addition, the Friends of Craigtoun Country Park were given an award to refurbish their Lodge Garden for the local community to enjoy.

Thank you for your support and for travelling with us on one of the most difficult journeys any of us can remember.

# A special invitation from our Chancellor

**You are cordially invited to join the Chancellor's Circle by including a gift in your will to St Andrews.**

I have the honour to be Chancellor of this great University, and would like to invite you to join me in preserving for the future, the experience, research and facilities for staff and students alike that make this such a wonderful place of learning.

A legacy gift in your will is one of the best ways of having a lasting impact on this University. When you make this decision, I will be delighted to welcome you into our Chancellor's Circle. As a member you will be part of an inspiring community which shares an ambition to protect everything that makes St Andrews such a unique and enduring experience.

I hope you will take your place amongst the members of the Circle by leaving a legacy that will continue to shape St Andrews for decades to come.

With best wishes,

**The Rt Hon Lord Campbell of Pittenweem**  
CH CBE PC QC FRSE

## Facts and figures: 2019-2020

### Covid-19 impact and response

Following the immediate shock of the Covid-19 pandemic and the projected economic fall-out for the University and wider society, the focus of Development switched to short-term needs, while all external meetings and events were cancelled. The Development unit responded with the launch of our Covid-19 appeal, in collaboration with colleagues across the University. St Andrews was the first Scottish university to launch a Covid-19 appeal and over £1M was raised by 31 July 2020, while other fundraising continued for priority projects, with fundraising staff switching to on-line engagement while working from home.
